

Garantir smart writing pad GTSWPA4 is a stand-alone device with storage capability that digitally captures and stores everything you write or draw with ink on ordinary paper, without the use of computer and special paper. Then you can easily view, edit, organize and share your handwritten notes in Windows. When connected to a PC, Garantir smart writing pad GTSWPA4 offers an on-line writing function which can instantly synchronize your writing on the paper with the digital page in its software in Windows. It also is a USB tablet device in Windows.

- Support online platforms.
- Support A4 & A5 Paper Sizes
- Options of WiFi / USB models
- PDF Support
- File Sorting based on 'Title, Date & Time stamp'.
- Write/draw/sketch on normal paper with pen
- Online Writing Function.

# GT Smart Writing Pad

Smart Writing Pad – GTSWPA4	
Parameters	Specifications
Type	An input device consisting of a flat, pressure-sensitive pad on which the user can place any paper or notebook, up to 350 pages. With our special pen (using a standard ink refill), the user can draw or write on the paper or notebook, and the same content is displayed on a screen, like a canvas. This content can later be processed or saved using a custom-built application.
