

GT-WSD-85
Wireless Solution Device

The GT-WSD-85 Wireless Solution Device offers a seamless wired and wireless presentation and collaboration experience, designed to enhance productivity during meetings and collaborations. With this device, users can connect via laptops or mobile devices to share, edit, and collaborate on documents in real time. It also supports session recording for future reference.

Feature:-

- **Intuitive User Interface:** The new application provides a user-friendly experience, allowing easy and secure connections for all users, including guests. The application automatically disconnects participants at the end of each session, ensuring security and convenience.
- **Seamless Wired and Wireless Connectivity:** Includes an HDMI input for easy wired connections. Users can share their screens.
- **Multi-Screen Display:** The GT-WSD-85 can display up to seven user screens on a single display. Screen sizes adjust automatically based on the source, and manual resizing is available for a customized layout.
- **4K Streaming and Video Playback:** The device supports full, uninterrupted video streaming up to 4K@30Hz, including seamless playback of YouTube videos in full frame rate.
- **Support for 3rd Party Applications:** Compatible with a wide range of conferencing and office applications.
