

Technical Specification

Virtual Reality Equipment Rocket Shaped - 2 users

Specification	Parameter
Users	2 Users
Rated load	≤100kg
xspecial effects system	Leg sweep, hip vibration, back vibration
Area size	5.0 m ²
Button	pat button
Seat Category	Rotomolding + leather case
VR Glasses	Display: 5 inches, binocular laser design 515ppi, resolution: 2560 x 1440, refresh rate: 70Hz, viewing angle: 110°, interpupillary distance: 54mm~74mm adaptive
LED display screen	External display 12-inch touch screen (with keyboard and mouse)
Dynamic platform	2 degrees of freedom crank, 6° front and rear, left and right
sound system	Must include
Computer	2 set
Computer Configuration	Operating System: Win10 Professional, CPU Processor: i5/AM Ryzen 5, Graphics Card: 4GB or More, Memory: 8GB DDR4, Solid State Drive: 240GB or More
Main control system	Support one-click on-demand, convenient screening of various types. Support background data monitoring, convenient payment by swiping card and scanning code. Supports quick self-check platform recovery to test whether the platform is running normally. Support picture adjustment to deal with the incorrect picture in the glasses.
Measured power	750W
Rated voltage	AC 220V
Product material	Fiberglass
Working environment	Indoor
